

Retap Sleeve

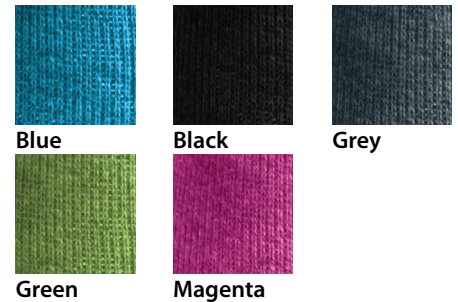

Datasheet

The Retap Sleeve is made from a textile that smoothly follows the curves of the Retap Bottle. It's pleasant to hold in your hand and gives a better grip.

You can put the strap over the bottle for on-the-go or hold your Retap Bottle with a finger or two. The Sleeve is an elegant cover that suits our Danish Design principles: simple and functional.

Dress up and go.

Material: 80% cotton, 17% polyamide and 3% elastane

- Washable up to 40 C°
- Available in 5 colours
- Available for all Retap Bottle sizes
